

# EDUC Education Week Rennes

Internationalisation of courses and programmes

The week will bring together teachers from EDUC universities to work on **building and furthering Internationalisation of Curricula through courses and collaboration**. It is dedicated to teachers who wish to **participate, to peer-share and mutually learn from good practices**.

## Topics

- AI in distance teaching
- How to build a new international partnership
- Internationalisation: from Course to Programme
- Embedding courses in academic systems
- Evaluating students in distant training
- How to kick-start internationalisation through the EDUC Moodle

Talks  
Workshops  
Networking
