Brown Bag Meetings offer literacy researchers the opportunity to think through, present and discuss their research from the **idea to the first results in a small group and relaxed atmosphere.** The international community can provide a network, feedback, tips, and thus valuable impulses for further work. You want to present and discuss a (mile-)stone of your work? Please, prepare a little abstract, and send it to Winnie. She will provide you with more details (email: **winnie-karen.giera@uni-potsdam.de**).

**"Let us share our knowledge and experience!"** (W.-K. Giera)
